## PROFESSIONAL EXPERIENCE

### Software Engineer - I

FullTime - ShopSe

03/2023 – present

- Unified a cohesive, uniform process for all **New-to-Bank** (NTB) services in the **consumer mobile application**, resulting in a **25% increase** in conversion rates.
- Over more than **3 months**, I orchestrated various significant tasks related to the **sales mobile application**.
- Enhanced the **Admin Dashboard** with custom tabs and a data-driven **tech dashboard**, improving operational **efficiency by 40%**

### Frontend Developer

Freelance - Infodal

10/2022 – 01/2023

- Implemented a **responsive UI** development project, **reducing bounce rate**.
- Initiated **Strapi** and **REST API** integration to streamline content management, achieving a **30% increase** in website loading speed.

### Frontend Intern

Internship - My Game Solution

06/2021 – 07/2021

- Coordinated the development of **API documentation** and guided a cross-functional team in optimizing usability.
- Learned writing and building code within **Jenkins** to enhance deployment projects and deployed **CI/CD** practices for streamlined workflows, ensuring efficient project delivery.

## PROJECTS

### Pending Transactions

Resume incomplete transactions

07/2024 – 08/2024

- Users can now resume incomplete transactions from the point they left off in the **web and mobile application**, eliminating the need to restart from the beginning.
- This new feature enhances user experience and **increases transaction completion rates**.

### StreamX

02/2024 – 02/2024

- Successfully managed **UI layout** creation and integrated an in-house video player.
- Developed a proprietary video platform with personalized playlists, enhancing user experience **without external libraries**.

### Unified NTB Eligibility

10/2023 – 12/2023

- Developed a unified eligibility system that **centralized the eligibility steps**, and displayed eligible lenders in a single step.
- This enhanced the overall efficiency of the application, leading to **higher user satisfaction**.

## SKILLS

**Language** — HTML, CSS, Javascript, Graph QL

**Framework** — React.js, React Native, Next.js, MERN, Tailwind CSS

**Tools & DB** — Docker, Webpack, Material UI, Redux, Xcode, MongoDB, GIT

## EDUCATION

### Bachelor Degree in Engineering (CSE)

Velalar College of Engineering and Technology.

CGPA - 8.65

2019 – 2023

Erode
