## Profile

I'm a web developer who has working experience in both frontend and backend using react and node js. I'm an enthusiastic aspirant to learn new web technologies. Proficient in handling and deploying projects, debugging, reviewing code on both client and server-side. An enthusiastic fresher with leadership skills and studying bachelor's degree in computer science engineering. Skilled in JavaScript and react. Eager to learn new web technologies and methodologies. Always willing to work on innovative projects.

## Organisations

**Pylamp Club**, *Position - Wizard*

2021 – present | Erode, India

Club Pylamp is initiated for the benefit of students of the computer science department. We teach problem-solving and technical aspects needed for placements. Has the responsibility of coordinating the club members. Identify and analyze the student's requirements and conduct technical events weekly

## Skills

- HTML 5
- CSS
- Java Script
- Git
- React.js
- MaterialUi
- Node.js
- Mongo DB
- Next.js

## Projects

### Site Pylamp

12/2021 – 02/2022

I build this site for engaging our Pylamp club members and ways to manage our club data.

We can make attendance on this site. Admin can create their own forms, members can track their performance in the club. Admin can export their event details.

stack: MERN + Next.js
