PROFESSIONAL EXPERIENCE

Software Engineer - I   03/2023 – present
FullTime - ShopSe

- Unified a cohesive, uniform process for all **New-to-Bank** (NTB) services in the consumer app, resulting in a **25% increase in conversion rates**.

- Enriched Admin Dashboard with custom tabs, empowering merchants for enhanced **business control.**

- Over more than **3 months**, I orchestrated various significant tasks related to the sales app.

- Engineered a **data-driven** tech dashboard to streamline database updates, **track app releases,** and manage **feature flags,** elevating technical operations **efficiency by 40%.**

Frontend Developer   10/2022 – 01/2023
Freelance - Infodal

- Implemented a **responsive UI** development project, **reducing bounce rate.**

- Initiated **Strapi** and **REST API** integration to streamline content management, achieving a **30% increase** in website loading speed.

Frontend Intern   06/2021 – 07/2021
Internship - My Game Solution

- Coordinated the development of **API documentation** and guided a cross-functional team in optimizing usability.

- Learned writing and **building code** within **Jenkins** to enhance deployment projects and deployed **CI/CD** practices for streamlined workflows, ensuring efficient project delivery.

PROJECTS

StreamX 🔗   02/2024 – 02/2024

- Managed UI layout creation, seamlessly integrating an i**n-house video player** within the project timeline, resulting in a **50% boost** in video completion rates.

- Developed a proprietary video streaming platform, enhancing user experience **without reliance on external libraries**.

- Activated a **personalized playlist** feature for users, enriching engagement and customization options on the platform.

Stack: React.js, Tailwind CSS, Material-Ui

Site Pylamp 🔗   12/2021 – 02/2022

- Designed and deployed a proprietary member **performance monitoring** tool, elevating club management capabilities by **50%** through streamlined operations and actionable insights.

- Pioneered the implementation of an event detail **export feature** for administrators, **optimizing data management** efficiency.

- Improved reporting **accuracy by 40%**, resulting in significant time savings and **enhanced decision-making** capabilities.

Stack: Next.js, Material-Ui, Mongo Db, Node.js

SKILLS

Language (HTML, CSS, Javascript, Graph QL) | **Framework** (React.js, Next.js, React Native Node.js, Material UI, Tailwind CSS) | **Tools & DB** (GIT, Docker, redux, redux-saga, Mongo DB)

EDUCATION

Bachelor Degree in Engineering (CSE)   2019 – 2023
Velalar College of Engineering and Technology.   Erode
CGPA - 8.65
